

## Second Announcement

**The 3<sup>rd</sup> International Conference on Geotechnical Engineering  
for Disaster Mitigation and Rehabilitation 2011 (GEDMAR 2011)**  
Combined with  
**The 5<sup>th</sup> International Conference on Geotechnical and Highway Engineering  
(May 18<sup>th</sup> - 20<sup>th</sup> 2011)**  
with theme  
**“Geotechnical and Highway Engineering Practical Applications -  
Challenges & Opportunities at the Future”**  
and  
**One-day International Symposium on Recent Advances  
in Geotechnical Engineering (May 17<sup>th</sup> 2011)**

<http://reliability.geoengineer.org/GEDMAR2011/>

**Patrajasa Semarang Convention Hotel**  
Semarang, Central Java, Indonesia  
May 17<sup>th</sup> - 20<sup>th</sup> 2011

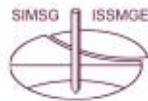

**WORLD  
HERITAGE**

### UNDER THE AUSPICES OF :

ASSOCIATION OF GEOTECHNICAL  
SOCIETIES IN SOUTHEAST ASIA  
(AGSSEA)

TC-303, TC-203,  
TC-302, TC-304,  
TC-213, TC-202,  
and TC-211 of ISSMGE

International Society for Soil Mechanics and Geotechnical Engineering

Southeast Asian  
Geotechnical Society

The Road Engineering Association  
of Asia and Australasia.

### Organized by :

The Joint Working Group on Geotechnical  
Engineering for Disaster Mitigation and  
Rehabilitation (JWG-DMR)

Diponegoro University  
Indonesia

Ministry of Public Works of  
the Republic of Indonesia

Indonesian Road  
Development Association (IRDA)

### Supporting Organizations :

- Centre for Soft Ground Engineering (CSGE), National University of Singapore, Singapore
- School of Engineering and Information Technology, the University of New South Wales, Australian Defence Force Academy, Australia
- Centre for Geotechnics and Railway Engineering; SMART Infrastructure, University of Wollongong, Australia
- Geotechnical Research Institute, Hohai University, China
- Disaster Prevention Research Institute, Kyoto University, Japan
- Eurasian National University, Kazakhstan
- Centre for Infrastructure, Sustainable Transportation and Urban Planning (CISTUP), Indian Institute of Science, Bangalore - India
- The Asian Center for Soil Improvement and Geosynthetics (ACSIG), Asian Institute of Technology, Bangkok - Thailand
- Centre for Infrastructure Systems, NTU, Singapore
- University Tun Hussein Onn (UTHM), Malaysia
- Indonesian Society for Geotechnical Engineering (ISGE)

## INTRODUCTION

Disaster Mitigation and Rehabilitation has increasingly become one of the major concerns of geotechnical engineers and engineering geologist.

The International Conference on Geotechnical Engineering for Disaster Mitigation and Rehabilitation is held every three years by one of the national geotechnical societies supporting the Joint Working Group on Geotechnical Engineering for Disaster Mitigation and Rehabilitation (GEDMAR).

The first GEDMAR conference was successfully held in Singapore in December 2005. The second GEDMAR conference was held in Nanjing, China, in May 2008. The Joint Working Group on Geotechnical Engineering for Disaster Mitigation and Rehabilitation, Diponegoro University, Indonesia, Ministry of Public works of the Republic of Indonesia and Indonesian Road Development Association (IRDA), are jointly organizing the third International Conference on Geotechnical Engineering for Disaster Mitigation and Rehabilitation on 17-20 May 2011 in Semarang (The Heart of Javanese Culture and Education, one of historic cities in Indonesia) in-conjunction with the fifth International Conference on Geotechnical and Highway Engineering with theme "Geotechnical and Highway Engineering Practical Applications-Challenges & Opportunities at the Futures". This is the fifth times Semarang host the International Conference on Geotechnical Engineering since 2002. The conference under the auspices of ISSMGE TC-303, TC-203, TC-302, TC-304, TC-213, TC-202 and TC-211, Southeast Asian Geotechnical Society (SEAGS), Association of Geotechnical Societies in Southeast Asia (AGSSEA) and Road Engineering Association of Asia & Australasia (REAAA), and is supported by other National and International Organizations. The conference provides an excellent opportunity for Engineers, Professionals, Academicians, Researchers, Construction equipment and Materials manufactures, Suppliers and Government officials to present and exchange the latest developments and case histories related to Geotechnical and Highway Engineering for Disaster Prevention, Mitigation and Rehabilitation as well as other disciplines related to the theme of the conference. One day International Symposium on recent advances in Geotechnical engineering to mark Prof. Hideki Ohta 40 years contributions for the research and development in Soil mechanics and Geotechnical Engineering will also be organized by the conference organizing committee and TC-303 on 17 May 2011, one-day before the conference. Participants of the conference are also welcome to participate in the symposium.

The response for the call for abstracts for 3ICGEDMAR & 5ICGHE2011 was overwhelming as over 150 abstracts were received. After a rigorous process of reviewing the abstracts, eventually 120 abstracts from 25 countries have been accepted, and these have been categorized into sub themes of the conference as follows:

1. Case histories on recent and post natural disaster (earthquake, tsunami, landslides, etc.).
2. Mechanisms of natural and coastal disaster (soil dynamics, liquefaction, geological and environmental factors, earthquake analysis and modeling, sub aerial and submarine landslides, seismic ground motion, etc).
3. Disaster Mitigation and Rehabilitation techniques (difficult soils, ground treatment, design against earthquake and other natural disasters, coastal protection, application of natural and synthetic fabrics for preservation of environment including the use of innovative barrier materials for landslides and new fabrics erosion control and others, etc).
4. Risk analysis and geohazard prediction (risk, mapping, consequence evaluation, reliability analysis, etc).
5. Innovations of foundation, rail and highway under extreme condition.
6. Soil and rock slope failures and remedial measures.

## AWARDS

The Joint Working Group on Geotechnical Engineering for Disaster Mitigation and Rehabilitation (JWG-DMR) and Indonesian Road Development Association (IRDA) will confer Awards to the Professionals, Academicians, and Researchers for the Best Innovative Geotechnical & Highway/Road Engineering.

## WHO SHOULD ATTEND

Engineers, Geologists, Researchers, Academicians, Consultants, Contractors, Project Managers and any other Professionals related to Geotechnical and Highway/Road Engineering, Earthquake, Geohazards, Disaster Mitigation and Rehabilitation, etc. are cordially invited to attend the conference and the symposium (one day before the conference).

## OFFICIAL LANGUAGE

The official language of the conference is English. All presenters should make their presentations in English.

## PROCEEDINGS

The conference proceedings will be published by Leading International Publisher (including CD-ROM).

## DATE AND VENUE

The conference will be held on 17-20 May 2011 at Poncowati Room, Patra Jasa Semarang Convention Hotel, Semarang, Central Java, Indonesia. The venue is about 20-minute drive from Achmad Yani International Airport, Semarang.

## IMPORTANT DATES

Deadline for Submission of Abstract	:	30 September 2010
Acceptance Notification of Abstract	:	16 October 2010
Deadline for Submission of Full Paper	:	22 January 2011
Acceptance Notification of Full Paper	:	5 February 2011
Deadline for Early Bird Registration	:	16 February 2011
Deadline for Submission of final camera-ready	:	12 February 2011
Deadline for Author Registration	:	16 February 2011
(to be included in the program and proceeding)		

## CONFERENCE COMMITTEES

### International Advisory Committee

Prof. Jean-Louis Briaud (President, ISSMGE, USA)  
Prof. Neil Taylor (Secretary General, ISSMGE, UK)  
Prof. P. Seco e Pinto (Past President, ISSMGE, Portugal)  
Prof. William V. Impe (Past President, ISSMGE, Belgium)  
Prof. A. Zhusupbekov (Vice-President for Asia, ISSMGE, Kazakhstan)  
Prof. M.R. Madhav (Past Vice-President for Asia, ISSMGE, India)  
Prof. Kenji Ishihara (Past President, ISSMGE, Japan)  
Prof. Harry Poulos (Australia)  
Prof. H. Ohta (Japan)  
Prof. G. Anvinet (Mexico)  
Prof. A.S. Balasubramaniam (Australia)  
Prof. G. Filz (USA)  
Prof. V.T. Frits (The Netherlands)  
Prof. S.R. Gandhi (India)  
Prof. Braja M.Das (USA)  
Prof. Tatsunori Matsumoto (Japan)  
Prof. T.G. Sitharam (India)  
Prof. J. Han (USA)  
Prof. Susumu Iai (Japan)  
Prof. Susumu Yasuda (Japan)  
Prof. F. Kulhawy (USA)  
Prof. S. Lacasse (Norway)  
Dr. Scott Steedman FREng (UK)

Prof. K. Y. Yong (Singapore)  
Prof. H. S. Yu (UK)  
Prof. M.L. Lin (Taiwan)  
Prof. Z.C. Moh (Taiwan)  
Prof. C. F. Leung (Singapore)  
Prof. Harry Tan (Singapore)  
Dr. T. A. Ooi (Malaysia)  
Prof. J. Pappin (China)  
Prof. Q.H. Qian (China)  
Prof. K.H. Stokoe (USA)  
Prof. F. Tatusoka (Japan)  
Prof. Z. M. Zhang (China)  
Prof. T. M. Thu (Vietnam)  
Dr. W. H Ting (Malaysia)  
Prof. D. G. Toll (UK)  
Prof. Farimah Masrouri (France)  
Mr. S. Varaksin (France)  
Prof. S.J. Wang (China)  
Prof. Dr. Amir Hashim Kassim (Malaysia)  
Assoc Prof. Dr. Idrus Masirin (Malaysia)  
Prof. Budhima Indraratna (Australia)  
Prof. Der-Wen Chang (Taiwan)

### National Advisory Committee

Rector of Diponegoro University  
Director General of Highways, Ministry of Public Works of the Republic of Indonesia  
Dean of Faculty of Engineering, Diponegoro University  
President of Indonesian Road Development Association  
President of Indonesian Society for Geotechnical Engineering  
Head of Civil Engineering Department, Faculty of Engineering, Diponegoro University

### Conference Steering Committee

Chair of TC-303 of ISSMGE: HURRICANES AND FLOODS  
Chair of TC-203 of ISSMGE: EARTHQUAKE  
Chair of TC-302 of ISSMGE: FORENSIC  
Chair of TC-304 of ISSMGE: RISK  
Chair of TC-213 of ISSMGE: SOIL EROSION  
Chair of TC-202 of ISSMGE: TRANSPORTATION  
Chair of TC-211 of ISSMGE: GROUND IMPROVEMENT

## JWG-DMR Executive Members

---

Dr. W.H. Ting (Chair, Malaysia)	Prof. H-L. Liu (China)
Prof. S.P.R. Wardani (Secretary, Indonesia)	Prof. M. R. Madhav (India)
Prof. S-C.R. Lo (Australia)	Prof. H. Ohta (Japan)
Prof. D. Bergado (Thailand)	Prof. K.K. Phoon (Singapore)
Dr. C.T. Chin (Taiwan)	Prof. H.G.P.A Ratnaweera (Sri Lanka)
Prof. J. Chu (Singapore)	Prof. N. Seneviratne (sri Lanka)
Prof. B. Indraratna (Australia)	Dr. W. Sengara (Indonesia)
Prof. M. M. Kim (Korea)	Prof. J-M. Zhang (China)
Prof. S.R. Kim (Korea)	

## Organizing Committee

---

**Chair** : Prof. S.P.R. Wardani (Diponegoro University, Indonesia)

**Co-Chairs** : Prof. Masyhur Irsyam (ITB, Indonesia), Dr. W. Sengara (ITB, Indonesia), Prof. R. Lo (UNSW, Australia), Prof. Chu Jian (NTU, Singapore), Prof. KK Phoon (NUS, Singapore)

**Secretaries** : Ir. H. Wuryanto MSc (IRDA, Indonesia), Dr. Bagus Hario Setiadji (Diponegoro University, Indonesia)

**Treasure** : Ir. Soebroto (IRDA, Indonesia)

## International Scientific Committee

---

Prof. P. Seco e Pinto (Portugal)	Prof. S-C.R. Lo (Australia)
Prof. William V. Impe (Belgium)	Prof. Budima Indraratna (Australia)
Prof. H. Ohta (Japan)	Prof. D. Bergado (Thailand)
Prof. Susumu. Iai (Japan)	Prof. K. Rajagopal (India)
Prof. Ikuo Towhata (Japan)	Prof. T.G. Sitharam (india)
Prof. Osamu Kusakabe (Japan)	Prof. Chu Jian (Singapore)
Prof. Braja M.Das (USA)	Prof. K. Y. Yong (Singapore)
Prof. K.H. Stokoe (USA)	Prof. C. F. Leung (Singapore)
Prof. Jie Han (USA)	Prof. Harry Tan (Singapore)
Prof. C.H. Juang (USA)	Prof. KK Phoon (Singapore)
Prof. Richard James Jardine (UK)	Prof. Siva Sivathayalan (Canada)
Prof. H-L. Liu (China)	Prof. Michael C.R. Davies (New Zealand)
Prof. A. Zhusupbekov (Kazakhstan)	Prof. Farimah Masrouri (France)
Prof. Nuzhdin Leonid (Russian Federation)	Dr. Mynt Win BO (Canada)
Prof. Hans R. Schneider (Switzerland)	

## TENTATIVE PROGRAM

### One-Day International Symposium on Recent Advances in Geotechnical Engineering (to Mark the 40 Years' Contributions of Prof Hideki Ohta) (17 May 2011)

Monday, 16 May 2011	
07.00-17.00	Golf Tournament (will be arranged upon request)
19.00-21.00	Conference and Symposium Registration
Tuesday, 17 May 2011	
07.30	Shuttle bus from Hotels to Conference / Symposium Venue
08.15-08.20	Welcoming Speech by Chair of the Organizing Committee, Prof. SPR. Wardani
08.20-08.30	Speech by Prof. Jean Louis Briaud
08.30-08.50	40 years contributions to Geot Eng by Prof. Hideki Ohta – Prof Atsushi IIZUKA
08.50-9.30	Group photo & Tea Break
9.30-12.30	Invited Lecture 1-9
12.30-13.10	Lunch
13.10-15.10	Invited Lecture 10-15
15.10-15.30	Tea Break
15.30-18.30	Invited Lecture 16-24
19.00-21.00	Dinner

➤ **List of Invited Special Lectures :**

1. *Title to be advised by Prof Jean Louis Briaud (to be confirmed)*
2. *Title to be advised by Prof Seco. E. Pinto*
3. *Title to be advised by Prof Askar Zhusupbekov*
4. *Title to be advised by Prof Ikuo Towhata*
5. *Title to be advised by Prof Susumu Iai*
6. *Theoretical analysis for non-coaxiality of Toyoura sand by Shinya Tachibana and Jiro Kuwano*
7. *Elasto-plastic constitutive model for unsaturated soils with subloading surface concept by Ohno, S., Kawai, K., Tachibana, S., Iizuka and Ohta, H.*
8. *Numerical analysis of highway embankments on soft foundations using Sekiguchi-Ohta model by Tsutomu ISHIGAKI, Atsushi IIZUKA and Hideki OHTA*
9. *The effect of the water level change caused by dewatering and its restoration to the infrastructure by T. SAITOH (Nishimatsu Construction), S.SRENG (Nippon Koei), T.KUSAKA (Tokushima Univ. ) and J.KOIZUMI (Waseda Univ)*
10. *The numerical simulation of geosynthetics-reinforced soil structures using elasto-plastic dilatancy models by Masafumi HIRATA, Atsushi IIZUKA, Hideki OHTA, Takayuki YAKAMAMI, Yoshihiro YOKOTA and Kouji OHMORI*
11. *Spatial discretization of water head in soil-water coupled finite element analysis using HPM by Masafumi HIRATA, Tetsuo FUJIYAMA, Tomohide TAKEYAMA, Atsushi IIZUKA and Hideki OHTA*
12. *Threshold of friction stabilizes self-weight transmission in gravitation loose sand heaps by T. Pipatpongsa*

13. *An analysis of the earth pressure problems by Upper and Lower Equilibrium Method* by Nishihara, Shimamoto and Ohta
14. *Stability assessment of geogrid reinforced soil wall using optical fiber sensor* by Naoki Tatta, Shinichiro Tsuji, Zongjian Wang (MAEDA KOSEN CO. LTD) and Hideki Ohta (Chuo University)
15. *Development of rock fall protection wall using geogrid reinforcement technique* by Masaki Yoshida, Shinichiro Tsuji (MAEDA KOSEN CO., LTD), Toshimitsu Nomura, Shoichi Inoue (PROTEC ENGINEERING Inc.) and Katsuhiko Arai
16. A deformation prediction of a structure placed on the soft clay on the coast of Tokyo Bay affected by the heavy deep well pumping by Kohki Matsumoto, Akira Kobayashi and Hideki Ohta
17. Decision making technique that the contractor and the orderer should share on design and selection of construction methods on soil structures by Takeshi Satoh, Takeshi Nagae and Hirofumi Nishida
18. Elasto-plastic FEM analysis and safety evaluation of large rockfill dams by Tetsuo Fujiyama, Yoshihisa Uchida and Hideki Ohta
19. A paper on a large rockfill dam by Yukio Arai and others
20. *New technologies of soil improvement for high way and high speed railway* by Prof Hanlong Liu
21. *Title to be advised* by Prof R. Lo
22. *Title to be advised* by Prof B. Indraratna
23. *Title to be advised* by Prof D.T. Bergado
24. *Title to be advised* by Prof. S.P.R.Wardani

**3ICGEDMAR & 5ICGHE Conference (18 – 20 May 2011)**

<b>Wednesday, 18 May 2011</b>						
07.30	Shuttle bus from Hotels to Conference Venue					
08.00-17.00	Registration & Ladies/ Accompanying Program					
08.30-08.35	Welcoming speech by Chair of the Organizing Committee, Prof. SPR. Wardani					
08.35-08.45	Speech by Rector of Diponegoro University					
08.45-09.05	Speech and opening Ceremony by His Excellency President of the Republic of Indonesia (to be confirmed)					
09.05-09.35	<b>Group Photo &amp; Tea Break</b>					
09.35-12.35	<b>KEYNOTE</b>					
09.35-10.05	Keynote Speaker - 1. Minister of Public Works of the Republic of Indonesia					
10.05-10.35	Keynote Speaker - 2. Prof. Jean Louis Briaud (President of ISSMGE, USA)					
10.35-11.05	Keynote Speaker - 3. Prof. A. Zhusupbekov (Vice President of ISSMGE for Asia, Kazakhstan)					
11.05-11.35	Keynote Speaker - 4. Prof. Robert Lo (UNSW-Australia)					
11.35-12.05	Keynote Speaker - 5. Prof. Chu Jian (NTU-Singapore)					
12.05-12.35	Keynote Speaker - 6. Prof. Susumu Iai, Chair of TC 303 ISSMGE (Kyoto University-Japan)					
12.35-13.20	<b>Lunch</b>					
13.20-13.50	Keynote Speaker -7. Director General of Highways, Ministry of Public Works of the Republic of Indonesia					
13.50-15.20	<b>SPECIAL SESSION (Invited Speaker)</b>					
13.50-14.20	1. P.T. Trans Marga Jawa Tengah (Indonesia)					
14.20-14.35	2. Transportation (Chair of TC-202) – Prof. A. Gomes Correia (University of Minho-Portugal)					
14.35-14.50	3. Earthquakes (Chair of TC-203) – Prof. K. Pitilakis (Aristotle University-Greece)					
14.50-15.05	4. Forensic (Chair of TC-302) – Prof. V.V.S. Rao (Nagadi Consultants PVT. LTD-India)					
15.05-15.20	5. Risk (Chair of TC- 304) – Prof. KK. Phoon (NUS-Singapore)					
13.50-15.20	<b>PARALLEL SESSION 1</b>	<b>PARALLEL SESSION 2</b>	<b>PARALLEL SESSION 3</b>	<b>PARALLEL SESSION 4</b>	<b>PARALLEL SESSION 5</b>	<b>PARALLEL SESSION 6</b>
15.20-15.35	<b>Tea Break</b>					
15.35-17.05	<b>SPECIAL SESSION (Invited Speaker)</b>					
15.35-15.50	6. Ground Improvement (Chair of TC- 211) – Mr. S. Varaksin- France)					
15.50-16.05	7. Prof. Aziz. Djajaputra (ISGE-Indonesia)					
15.05-16.20	8. Prof. Siva Sivathayalan (Carleton University-Canada)					
16.20-16.35	9. Prof. Harry Tan (NUS-Singapore)					
16.35-16.50	10. Prof. Michael C. R Davis (The University of Aucland-New Zealand)					
16.50-17.05	11. Prof. Rajagopal (Indian Institute of Technology Madras-India)					
15.35-17.05	<b>PARALLEL SESSION 1</b>	<b>PARALLEL SESSION 2</b>	<b>PARALLEL SESSION 3</b>	<b>PARALLEL SESSION 4</b>	<b>PARALLEL SESSION 5</b>	<b>PARALLEL SESSION 6</b>
17.05-18.00	TC-303/JWG-DMR Committee Meeting					
19.00-22.00	Welcome Dinner (Husband & Wife)					

<b>Thursday, 19 May 2011</b>						
07.30	Shuttle bus from Hotels to Conference Venue					
07.30-16.00	Ladies/Accompanying Program					
08.00-10.00	<b>KEYNOTE</b>					
08.00-08.30	Keynote Speaker - 8. Dr. A. Hermanto Dardak, Chairman of IRDA and Vice Minister of Public Works of the Republic of Indonesia					
08.30-09.00	Keynote Speaker - 9. Prof. P. Secco e Pinto - Portugal (Past President of ISSMGE)					
09.00-09.30	Keynote Speaker - 10. Prof. Kenji Isihara (to be confirmed)					
09.30-10.00	Keynote Speaker - 11. President of REAAA					
10.00-10.15	<b>TEA BREAK</b>					
10.15-12.15	<b>KEYNOTE</b>					
10.15-10.45	Keynote Speaker - 12. Prof. Dennes Bergado (AIT-Thailand)					
10.45-11.15	Keynote Speaker - 13. Prof. Ikuo Towhata (Tokyo University-Japan)					
11.15-11.45	Keynote Speaker - 14. Prof. Buddhima Indraratna (University of Wollongong-Australia)					
11.45-12.15	Keynote Speaker - 15. Prof. Nuzhdin Leonid (Novosibirsk State University-Rusia)					
12.15-13.00	<b>LUNCH</b>					
13.00-15.15	<b>SPECIAL SESSION (Invited Speaker)</b>					
13.00-13.15	11. Prof. Hans R. Schneider (HSR University of Applied Sciences - Switzerland)					
13.15-13.30	12. Prof. C. F. Leung (NUS-Singapore)					
13.30-13.45	13. Prof. Liu Han Long (Hohai University-China)					
13.45-14.00	14. Prof. T.G. Sitharam (Indian Institute of Science, India)					
14.00-14.15	15. Prof. Chaidir Makarim (ISGE-Indonesia)					
13.00-15.15	<b>PARALLEL SESSION 1</b>	<b>PARALLEL SESSION 2</b>	<b>PARALLEL SESSION 3</b>	<b>PARALLEL SESSION 4</b>	<b>PARALLEL SESSION 5</b>	<b>PARALLEL SESSION 6</b>
15.15-15.30	<b>Tea Break</b>					
15.30-17.00	<b>SPECIAL SESSION (Invited Speaker)</b>					
15.30-15.45	16. Prof. Kenneth H. Stokoe (University of Texas at Austin-USA)					
15.45-16.00	17. Prof. Masyhur Irsyam (ITB-Indonesia)					
16.00-16.15	18. Dr. Myint Win Bo (Senior Principal/Director Geo Service-Canada)					
16.15-16.30	19. Prof. S.P.R. Wardani (Diponegoro University-Indonesia)					
16.30-16.45	20. Dr. Soerono (Indonesia)					
15.30-17.00	<b>PARALLEL SESSION 1</b>	<b>PARALLEL SESSION 2</b>	<b>PARALLEL SESSION 3</b>	<b>PARALLEL SESSION 4</b>	<b>PARALLEL SESSION 4</b>	<b>PARALLEL SESSION 6</b>
17.00	<b>Closing Ceremony</b>					
19.00-22.00	<b>Banquet</b>					
	Banquet will be attended by all participants (husband/wife) and invites. JWG-DMR & IRDA Awards will be conferred to winners of the Best Innovative Geotechnical and Highway Engineering, The Best Exhibition Participants, and Door Prizes					
<b>Friday, 20 May 2011</b>						
06.00-24.00	<b>One-day tour &amp; Culture night</b>					
	Borobudur (World Heritage) Temple, Sultan Palace, Malioboro City, Kotagede (silver handicraft), Mount Merapi, "Ramayana Ballet" at Prambanan Temple, Yogyakarta.					

## 2011 JWG-DMR & IRDA GOLF TOURNAMENT (FEE: USD 150)

Day, Date : Monday, 16 May 2011  
Time : 07.00 – 17.00

2011 JWG-DMR & IRDA Golf Tournament is planned for maximum 100 participants. JWG-DMR & IRDA awards will be conferred to winners and Grand Prize.

## WELCOME DINNER

Day, Date : Wednesday, 18 May 2011  
Time : 19.00 – 22.00  
Place : Horison Hotel/Gumaya Hotel  
Dress : Neat Dress or Batik

## BANQUET

Day, Date : Thursday, 19 May 2011  
Time : 19.00 – 22.00  
Place : Horison Hotel/Gumaya Hotel  
Dress : Neat Casual or Batik

The Banquet will be attended by all participants including spouses and invitees. At this ceremony, JWG-DMR & IRDA awards will be conferred to winners of the Best Innovative Geotechnical and Highway Engineering, as well as the Best Exhibition Participants, the Best Performance of Participants and Door Prizes in each section of the conference.

## LADIES/ACCOMPANYING PROGRAMS

### 1. Wednesday Tour (One-Day Tour)

A tour will be conducted on:

Day, Date : Wednesday, 18 May 2011  
Time : 07.00 – 16.00

#### Solo/Surakarta Municipality Tour

Surakarta, also known as Solo is the second largest city after Semarang, in the Provinces of Central Java. In addition to Yogyakarta, Solo is also considered as the centre of Javanese Culture, art and craft. It has all rich with history and culture, fine museum, royal palace, Javanese classical dance and music, a variety of traditional, handicraft, such as: leather puppet, woodcarving, the keris (dagger), solo's traditional and modern batiks is the best in the country. Solo's tourist attractions are abundant. The followings are attractions you can visit in Solo:

- a. Kraton Kasunanan (Kasunanan Royal Palace)  
It was built in 1745 by Sunan (King) Pakubuwono II and has Javanese architecture ornamented with beautiful carving. There is a fascinating museum in the palace which exhibits precious things, such as: the royal heirlooms, palace carriage coaches, ancient gun, etc.
- b. The Royal Museum
- c. Pasar Klewer (Klewer Batik Market)  
It is the biggest market for Javanese traditional designed batik in Java Island. Shoppers can choose all kinds of batik either printed or handmade. "Lurik" (a handwoven, striped cotton cloth) is available here.

- d. Danar Hadi Batik (Batik home industry), visitors can see and study the process of making traditional, unique and beautiful batik directly.

## 2. Thursday Tour (Semarang City Tour and Surroundings)

A tour will be conducted on:

Day, Date : Thursday, 19 May 2011

Time : 08.00 – 16.00

Objects to be visited are as follows:

- a. Sam Poo Kong Chinese Temple  
Sam Poo Kong is the biggest Chinese Temple in Semarang where Admiral Zheng He landed his ship in the early 15<sup>th</sup> century.
- b. Central Java Grand Mosque  
Central Java Grand Mosque (Masjid Agung) is the greatest mosque in Central Java. A 10-hectare Central Java Grand Mosque could accommodate approximately 13.00 prayers. Both sides of the building are equipped with several facilities such as office, course and training room, library, wedding room and auditorium. Inside the area also was built a gallery, office room rental, hotels and souvenirs shop. The design of the mosque is combination of European, Middle East and Asian architecture. The visitors are also able to visit a 99-meter revolving minaret, namely Asmaul Husna or 99 beautiful names of God, and see the whole picturesque view of Semarang.
- c. Simpang Lima  
Simpang Lima (means: five intersections) is the centre of Semarang downtown where people come to this place to meet their pals, to have breakfast, to have dinner, visit shopping malls, restaurants, and the cinemas.
- d. Semarang Old Town  
Semarang old town is the heritage of Dutch colonization. The area was the centre of business and Dutch government in Central Java. There are hundreds of aged buildings with unique European architecture therefore this area was so called little Netherlands.
- e. Blenduk Church  
Indonesia is a country where different religions and communities live in perfect harmony. Nowhere is this more evident than in the famous Blenduk Church located in Semarang. This Protestant Church in Semarang was built by the Dutch way back in 1753. The architecture of the church is very unique. Blenduk means "dome" and the large copper dome of this beautiful church is one of its very notable features. The interiors of the church are original and haven't over been tempered, including its chairs used by the congregation.
- f. Jl. Pandanaran, Semarang Specified Food Center  
Bandeng duri lunak (high pressure-cooked milk fish), wingko (light snack made of sticky rice, coconut, eggs), loempia (spring roll containing young bamboo, shrimp, and scrambled egg), and maoci (sticky rice ball containing peanut and sugar). They are a food-list that you should try when you visit Semarang. Shops open daily at 08.00 am – 09.00 pm.

## POST CONFERENCE TOUR (PACKAGE A)

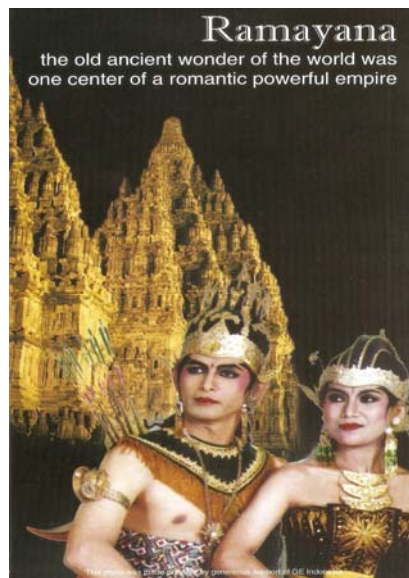

One-Day Tour, **Fee: USD 80**

Day, Date : Friday, 20 May 2011

Time : 06.00 – 23.00

Object to visit are as follows:

- a. Borobudur Temple  
Borobudur is a world archeological site
- b. Kraton (The Sultan's Palace)  
It was built in 1756-1790 by Sultan Hamengkubuwono I. Its architecture is the example of Javanese cosmos style and reflects Javanese culture. The Palace is still used as the residence of King or Sultan and also as Javanese art and culture centre.
- c. Site Visit "Mount Merapi"
- d. Malioboro (Yogyakarta City Centre)
- e. Kotagede (Silver Handicraft Town)
- f. Kasongan (Ceramics Handicraft Town)
- g. Prambanan Temple  
It is consisted of three main temples, surrounded by small temples called "Perwara". Located 17 km from Yogyakarta, Prambanan temple is an inheritance of the Hindus in 9<sup>th</sup> century. In this temple, people can experience the most spectacular Ramayana Ballet (a spectacular show that takes the audience on a sensory odyssey through magnificent performance of light and sound of Javanese traditional dances). The refined, expressive movement of classical Javanese dance comes to life in dramatic, open-air retelling of the Ramayana, including up to 200 dancer and dozens of accompanying musicians, with its distinctive Prambanan Temple View/back ground.

### The Plot of Ramayana

Prabu Janaka, the King of Mantili Kingdom has got very beautiful princess named Dewi Shinta. A competition is conducted in order to decide who will be the right person to marry Dewi Shinta. The Prince of Ayodya Kingdom, Ramawijaya at last wins the competition. On the other hand, Prabu Rahwana, the ruler of Alengkadiraja Kingdom is eager to marry Dewi Widowati. After knowing Shinta, he assumes that Dewi Shinta is the incarnation of Dewi Widowati whom he is wanting for along time.

#### **Tour Package A includes:**

1. Snack + Soft drink, lunch and dinner
2. Borobudur Temple entrance ticket
3. The Sultan's Palace (Kraton) entrance ticket
4. Show of Ramayana Ballet at Prambanan Temple entrance ticket + Snack + Soft drink + Souvenir
5. Personal accident insurance

### HOW TO GET TO SEMARANG

As capital city of Central Java Province, Semarang is the main entrance to start your visit to Central Java (the heart of Javanese culture and education). Central Java has two international airport connecting with some major cities in the country on either direct or connecting flight. The firstly is Achmad Yani International Airport in Semarang, and secondly is Adi Sumarmo International Airport in Surakarta, Solo (about 100 km from Semarang, and just only two-hour drive from Semarang). It is very easy to get to Semarang from Jakarta, East Java (Surabaya, Malang), West Java (Bandung) or even from Sumatra, Bali or Lombok. This is because there are daily flights plus other alternatives such as train, buses and other ground vehicles that are always available to take visitors from East and West Java.

## CLIMATE

Central Java Province has a tropical climate with average temperature between 21° C and 32°C. There are two seasons namely the rainy season which occurs between October to April, and the dry season which occurs between April to October.

## CURRENCY

Most stores and restaurants accept only Indonesian Rupiah (IDR). Rupiah can be purchased at foreign exchange banks and authorized money changers. Banks are open from 8.00 am to 16.00 pm on weekdays, and are closed on Saturday, Sunday, and National Holiday. Some hotels also handle currency exchange.

## TIME

The Indonesian Archipelago is spread over three time zones. Western Indonesia standard time, which covers the island of Sumatra, Java, and Madura, West and central Kalimantan, is 7-hour ahead of

GMT. Central Indonesia standard time covers East and South Kalimantan, Sulawesi, Bali and Nusa Tenggara and 8 hour ahead of GMT, finally Eastern Indonesia standard time which covers Maluku, Papua is 9 hour ahead of GMT.

## **ELECTRICITY**

Indonesian's voltage is 220 – 240 volts AC, 50 cycles per second that utilizes a two-pin, round-shaped plug and socket system. If you are carrying a device with a different voltage or pin head, some hotels can provide you with transformers.

## **MANNERS**

Indonesians has a polite culture. Handshaking is customary both for men and women on introduction, greeting, and smiling is a national characteristic. The use of the left hand to give or receive is taboo, also crooking your finger to call someone is considered impolite. The Javanese people are relaxed in manner, whose behavior is guided by social codes replete in order; they fully understand what is expected from them. How to pass by someone seated, not to point with the foot or left hand, not to touch another person's head, not receive or give using left hand, how to greet guest, etc. The Javanese people are famous with their friendliness, courtesy and hospitality which are typical Javanese habits. Since most Javanese is Moslem, pork is forbidden, but they are available at some restaurant and markets.
